ELECTRIC FIREPLACE

Amantii

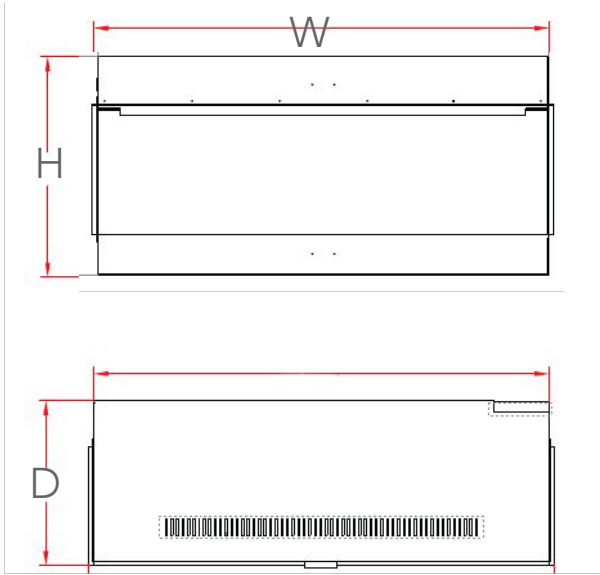

Immerse yourself in the mesmerizing holographic three-dimensional flames, expertly designed to create an incredibly lifelike ambiance. With MULTIVIEW-HOLO technology, you can effortlessly control your fireplace via app, remote, or voice commands—adjusting flame height, color, and the glow of the logs and fuel bed to match your mood. Available in two sizes, 1016, 1400 and 1900, it's the perfect centerpiece for any space.

Perfect for year-round enjoyment, these electric fireplaces offer both heating and no-heat modes, allowing you to enjoy their beauty in any season. Their vent-free design makes installation simple, letting you place them anywhere without the need for gas lines or chimneys.

Eco-friendly and elegant, MULTIVIEW-HOLO Fireplaces deliver zero-emission warmth without compromising performance. Backed by a two-year warranty, they promise lasting durability and peace of mind.

- Ultra-realistic holographic flame display
- Advanced heating options for year-round comfort with the ability to have no heat.
- New smoke and sparks effect for added realism
- Dynamic fuel bed with lifelike log set and glowing embers
